How rotation works

Your one-month online advertisement will work on a rotation schedule. The cost you pay for is a guaranteed 10,000 impressions. During your run, your ad will be in rotation with several other ads, the amount determined by our monthly average visitors. As of January 1, 2017 our online readership averages in fewer than 244,489 views a month and 2,811,621 unique views annually. This means no more than 8 other ads will be in rotation with yours. If we have less, and we usually do, any additional impressions you gain are free. You will never be billed for more than the cost per month listed above. Tip: When calling to ask about advertising, ask which slot has the least ads in it, a smaller space could mean almost double the views for free!
